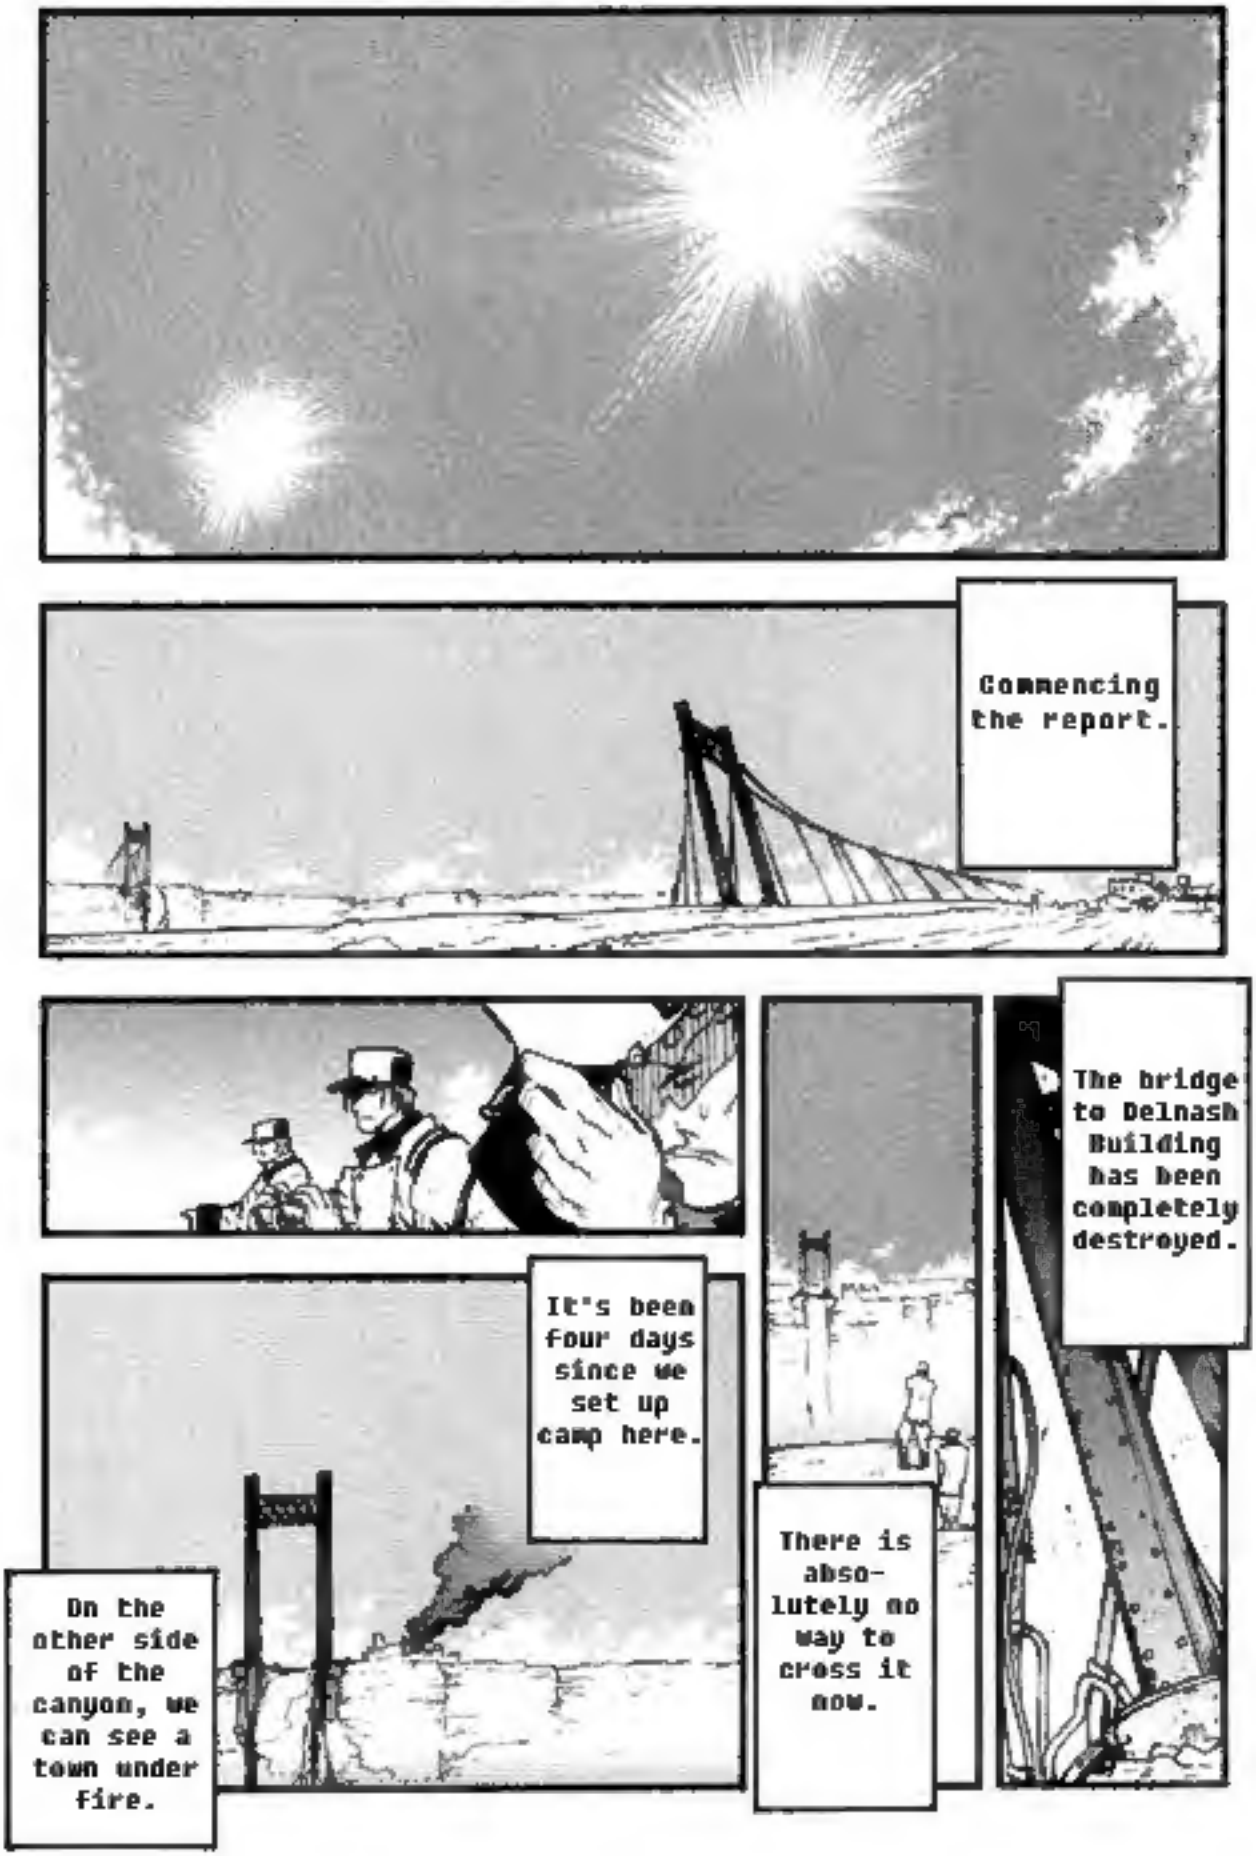
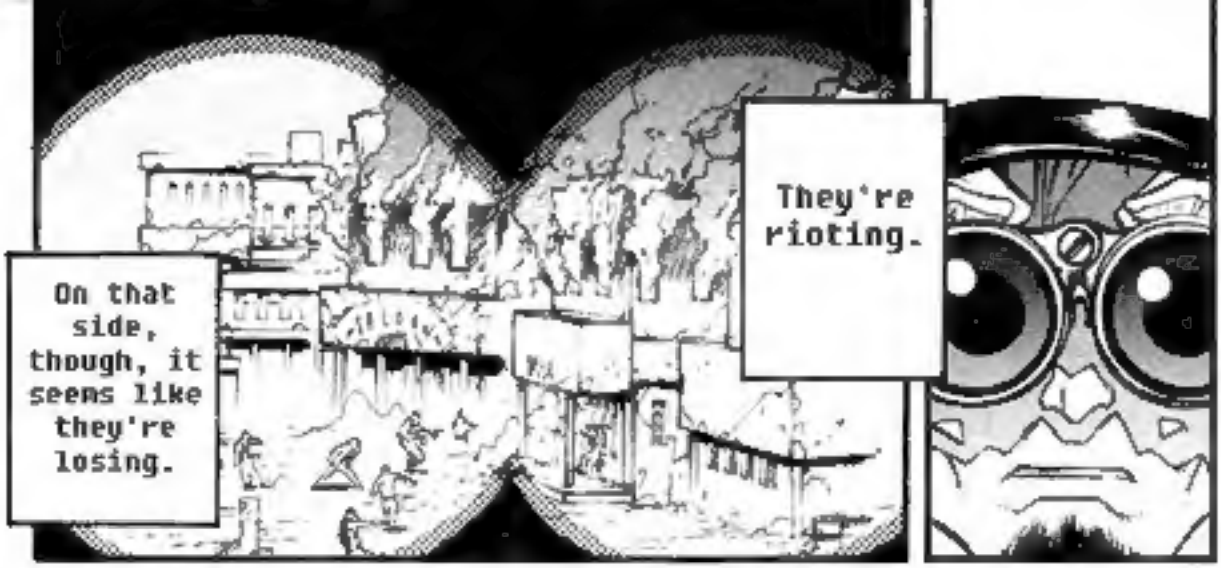
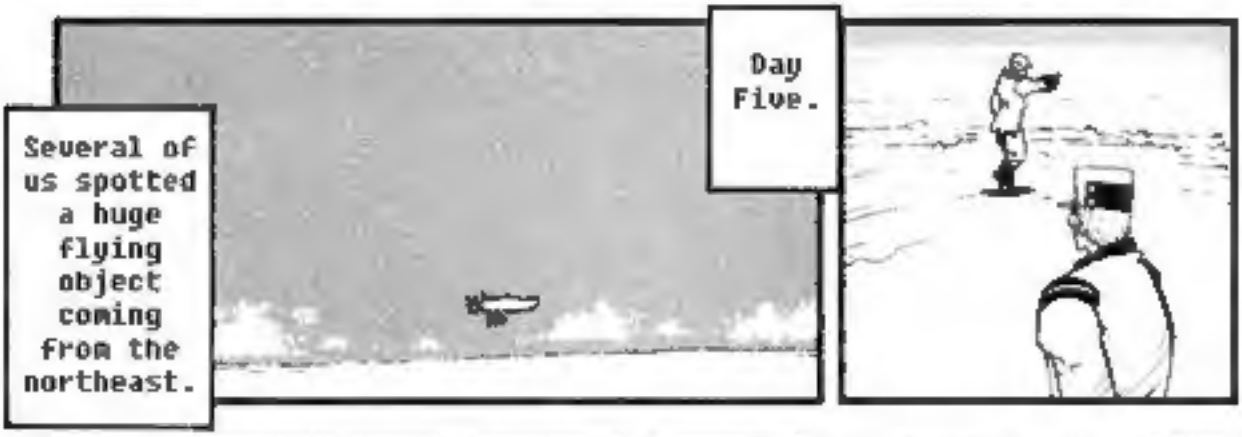
... HERE I COME !!



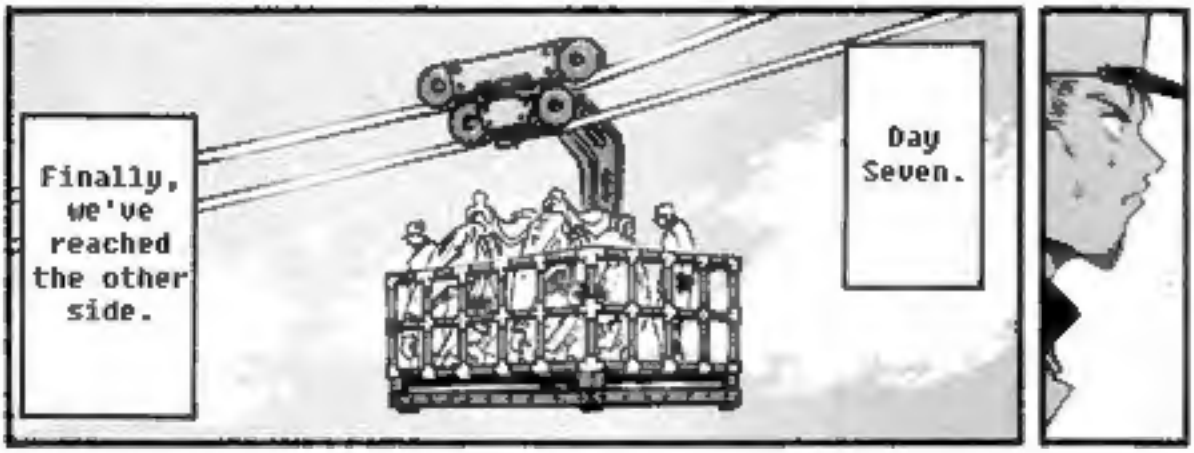
Commencing the report.
The bridge to Delnash Building has been completely destroyed.
There is absolutely no way to cross it now.
It's been four days since we set up camp here.
On the other side of the canyon, we can see a town under fire.



On that side, though, it seems like they're losing.
They're rioting.



Several of us spotted a huge flying object coming from the northeast.
Day Five.



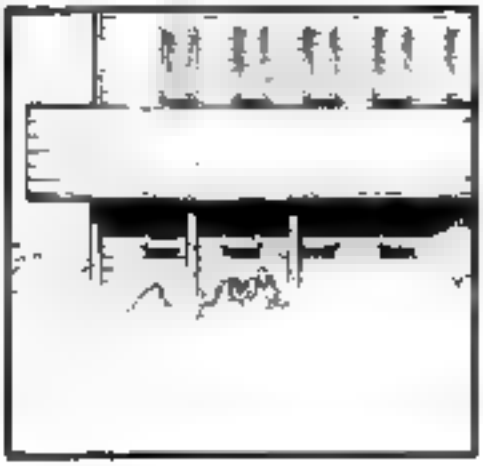
Finally, we've reached the other side.
Day Seven.

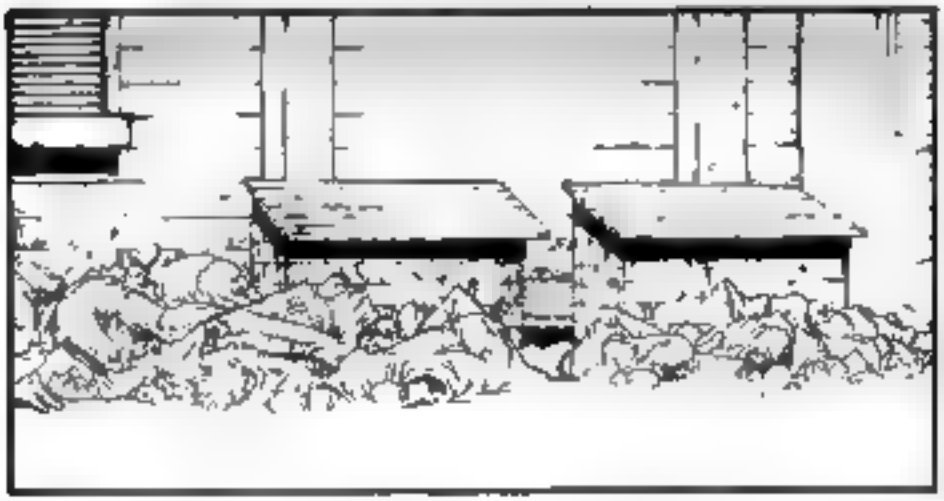
After the satellite vanished ...

We weren't aware that the town had gone silent.

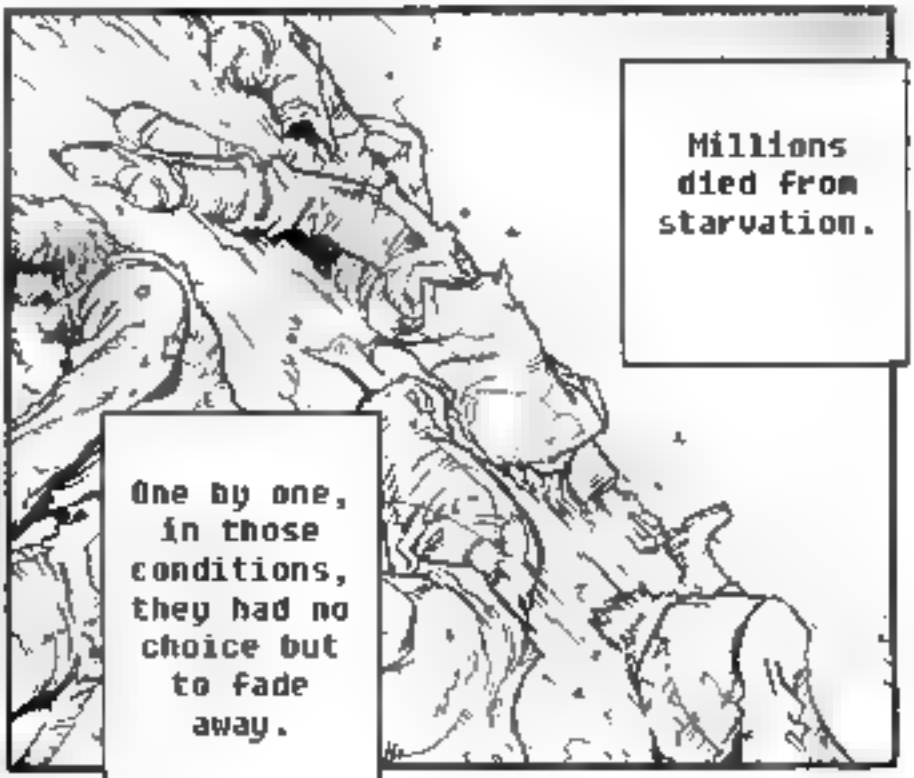
We couldn't tell if it had happened two weeks or two months ago.

The Derringer Effect from the multiple suns rendered long distance communications useless.

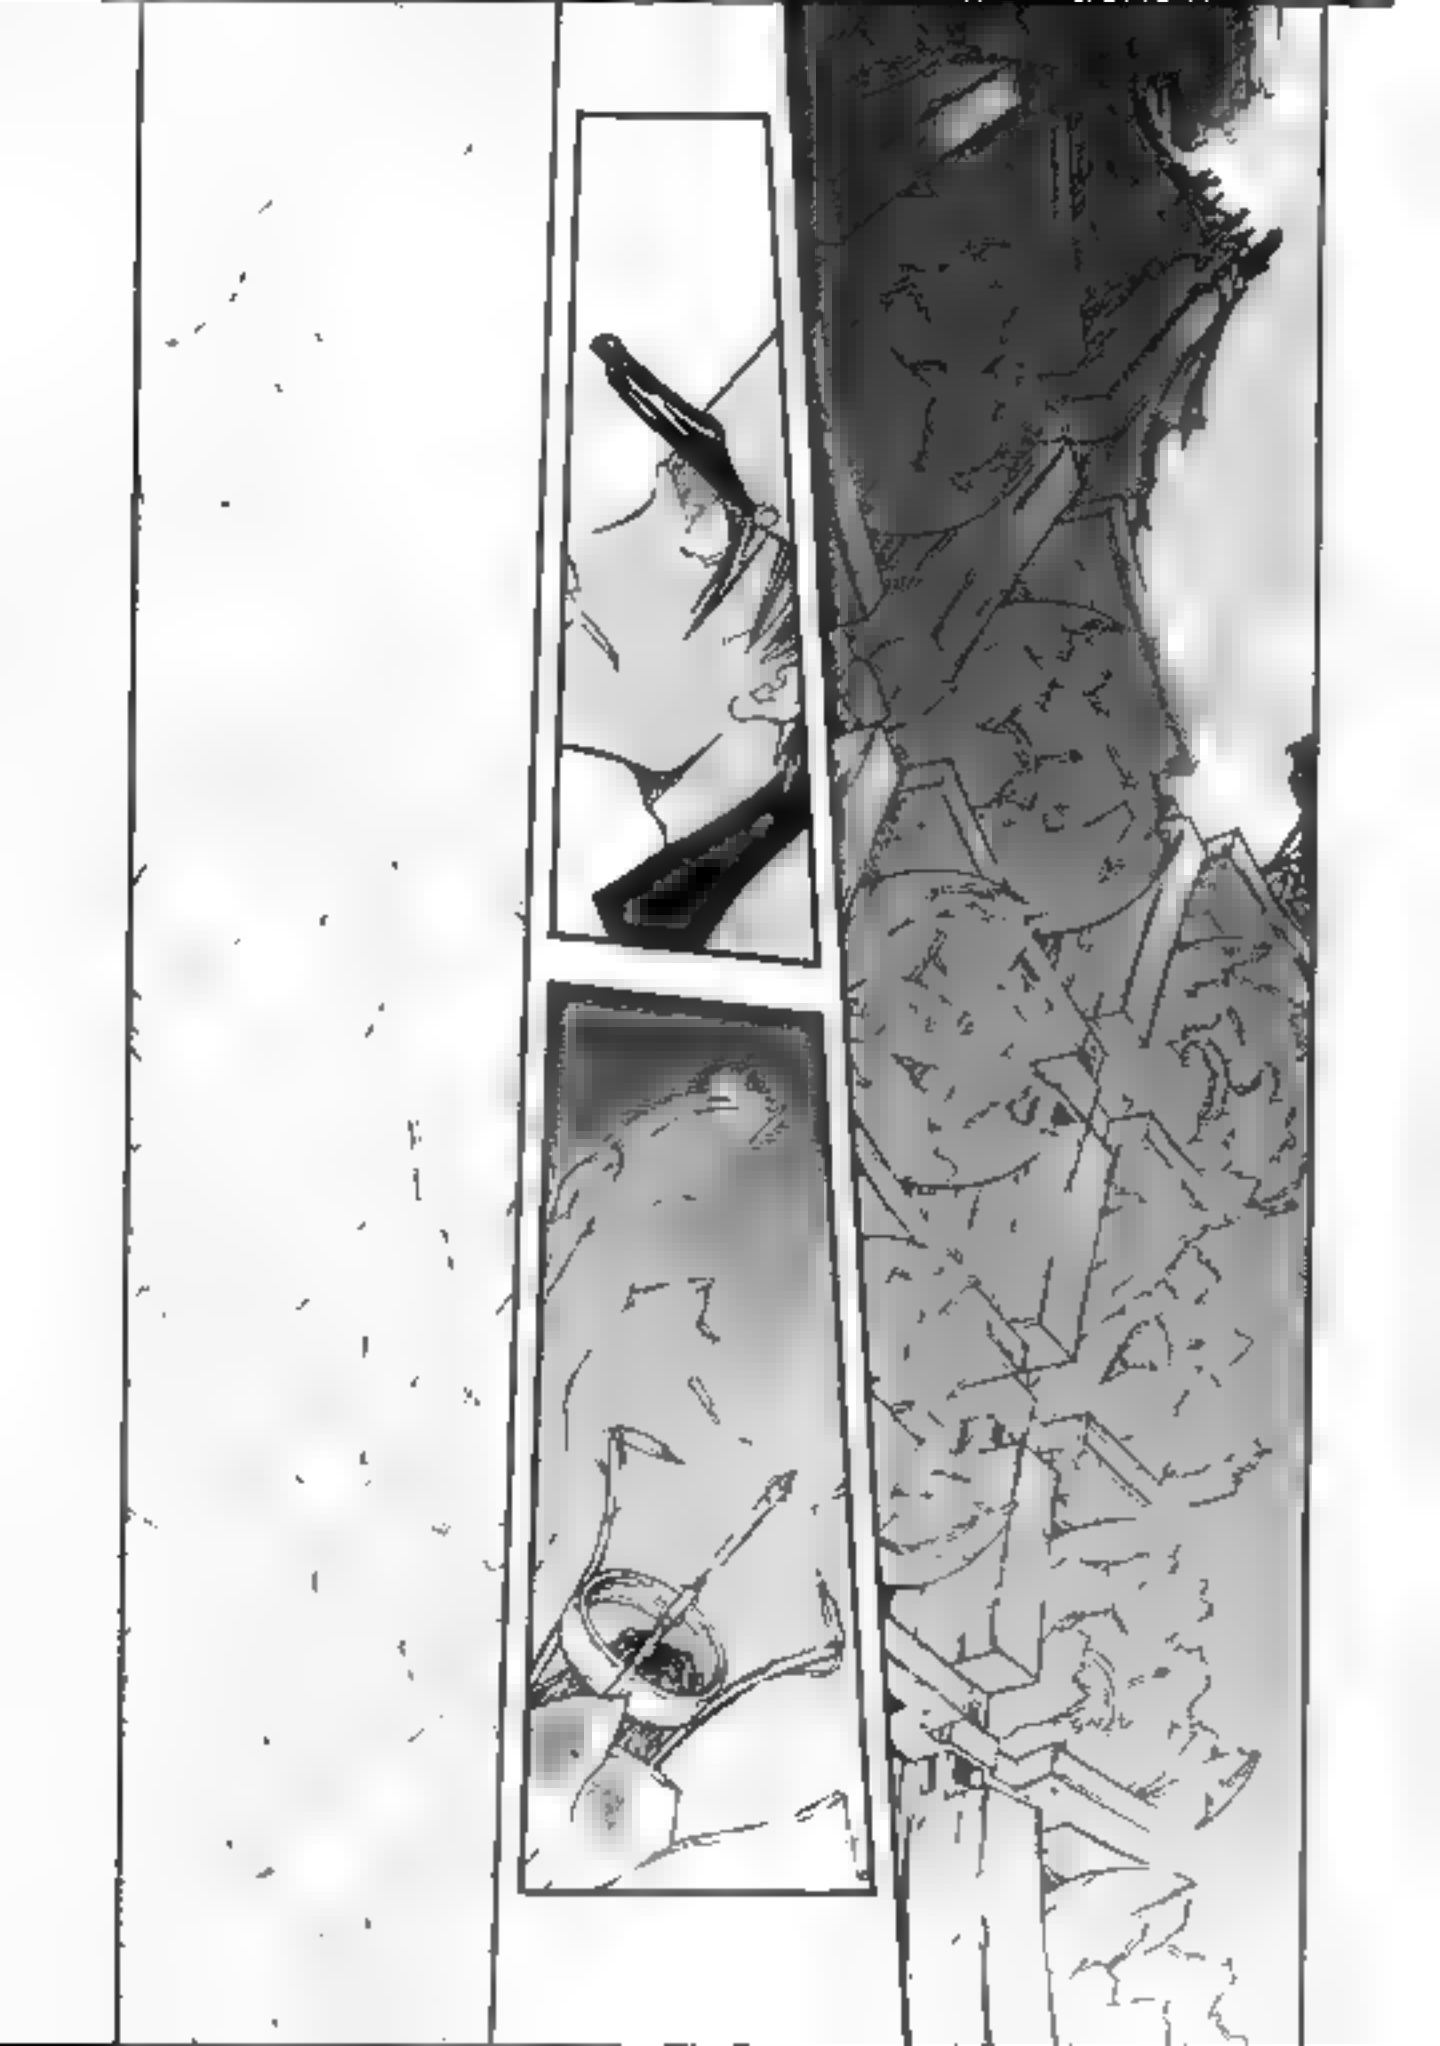




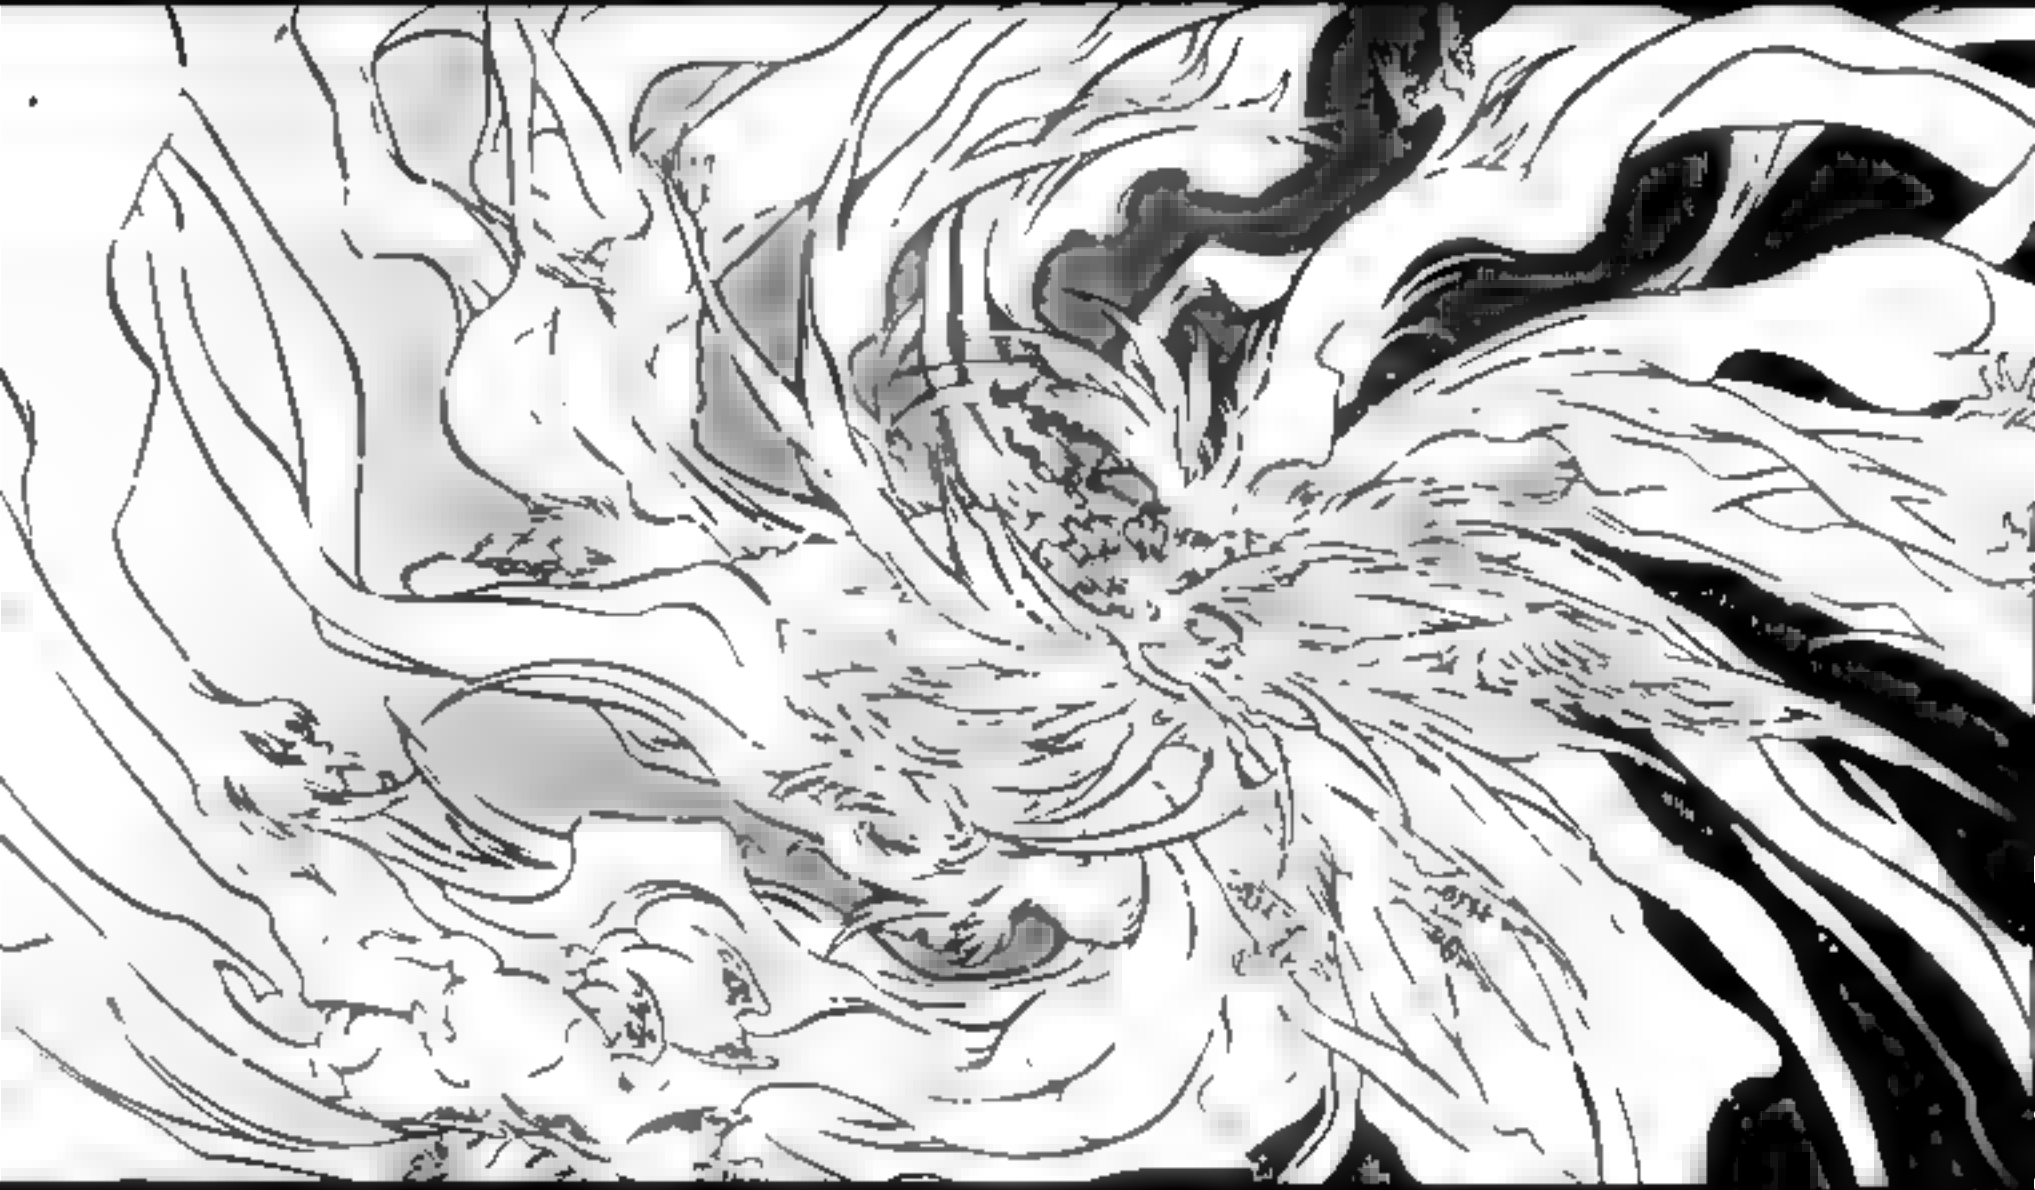
We even saw traces of attempted cannibal-ism.



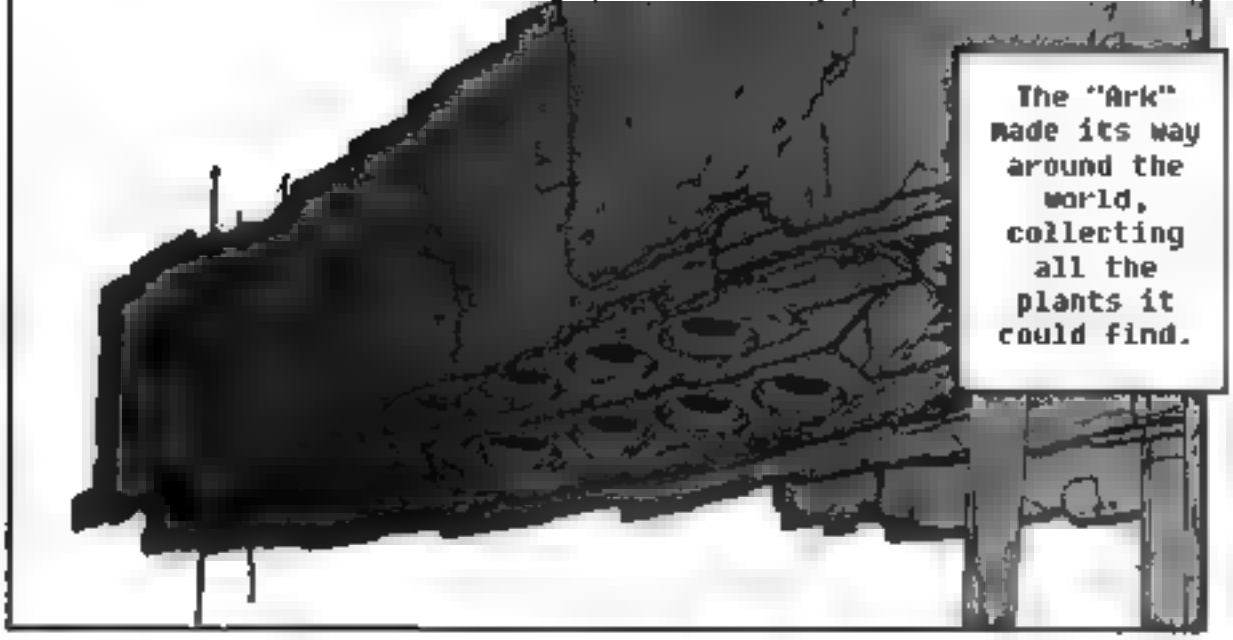
Millions died from starvation.
One by one, in those conditions, they had no choice but to fade away.



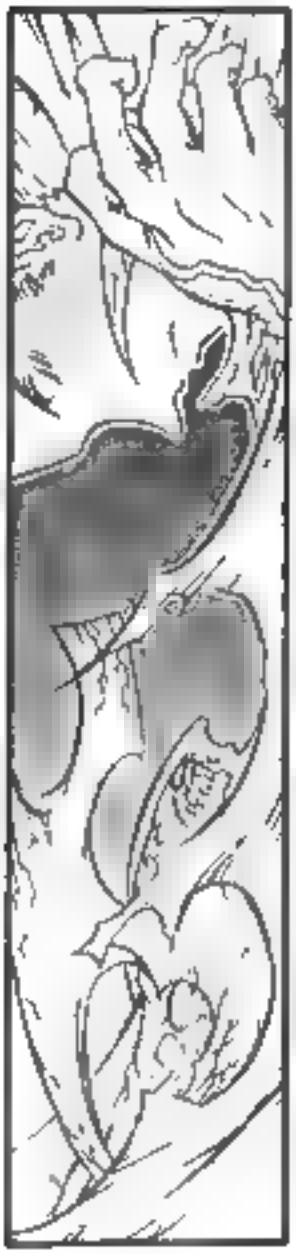
WHAT DO YOU PLAN TO DO WITH THEM?
PLEASE ...
DON'T LEAVE US HERE LIKE THIS!!

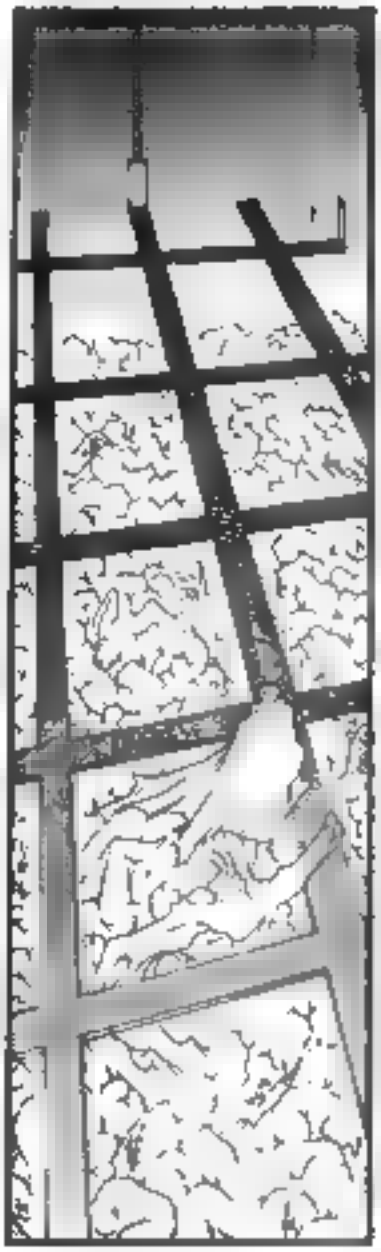


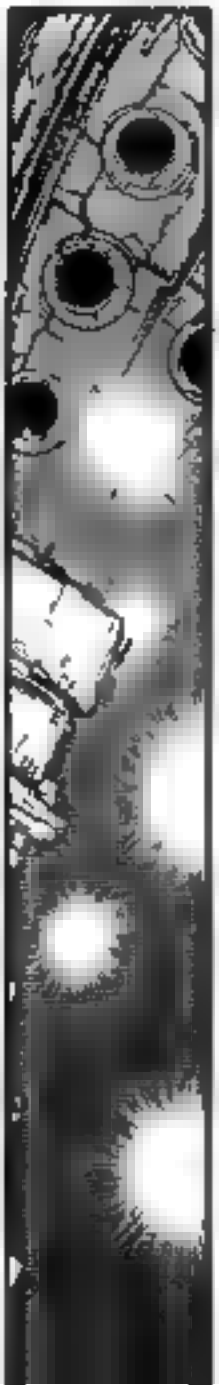
"THE AGE OF CHAOS."

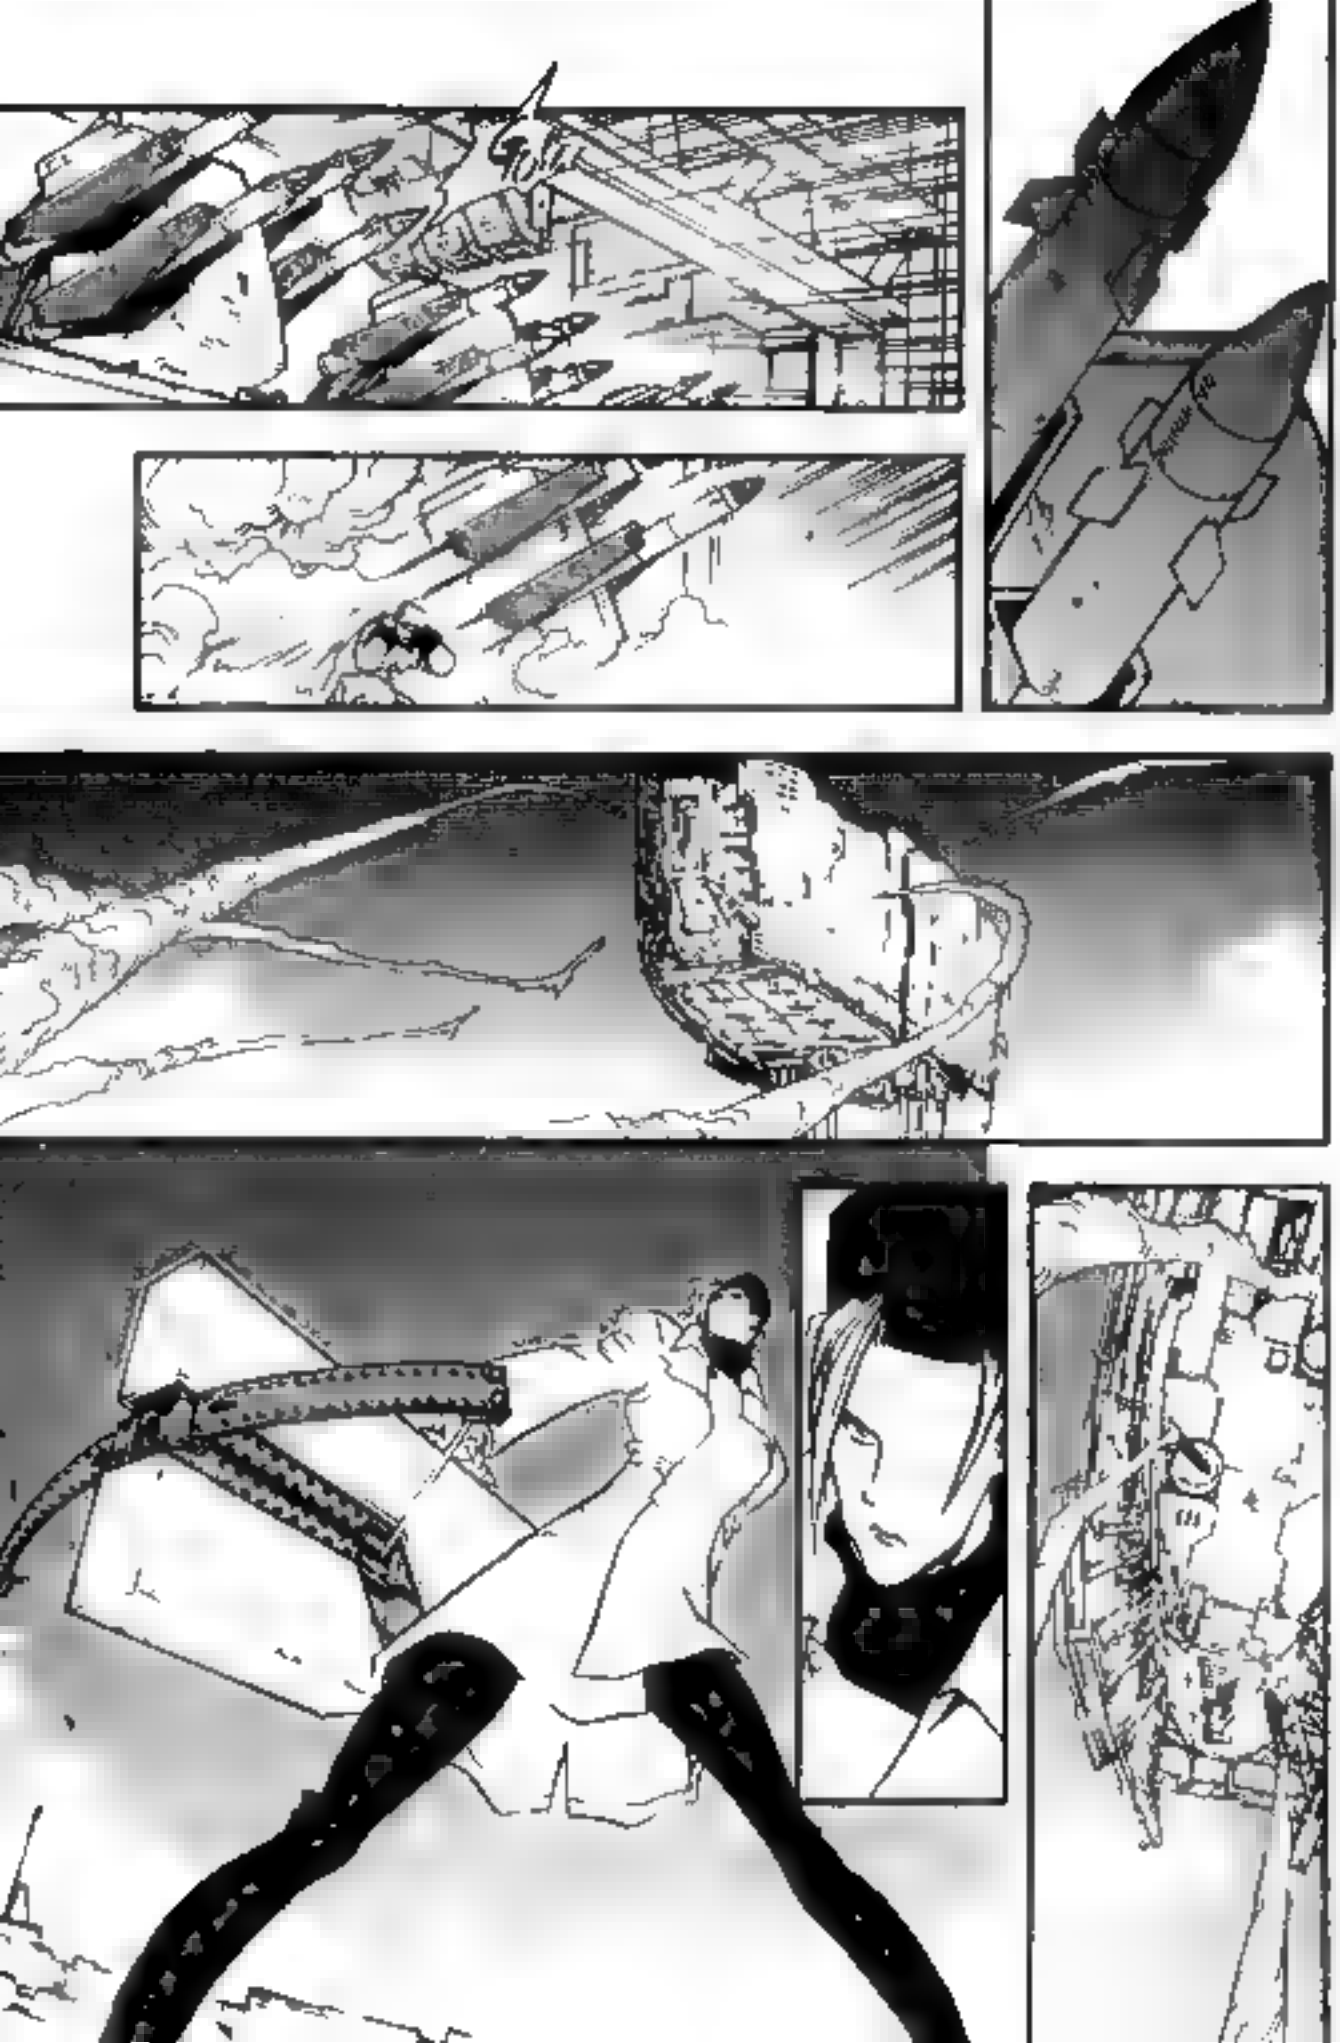


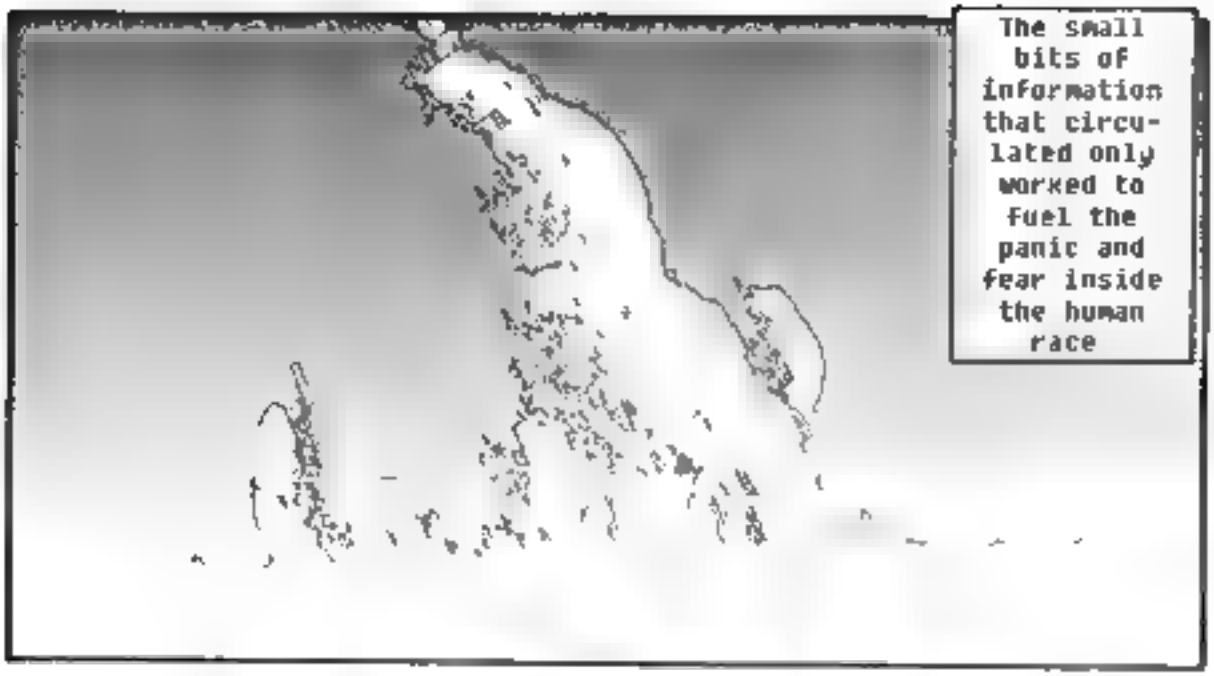
The "Ark" made its way around the world, collecting all the plants it could find.



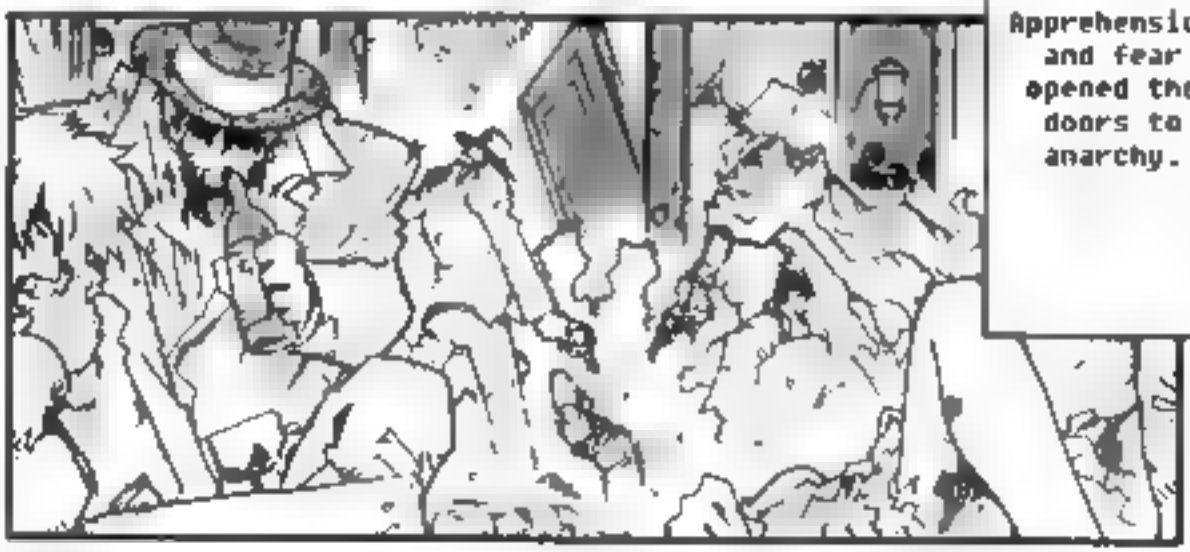




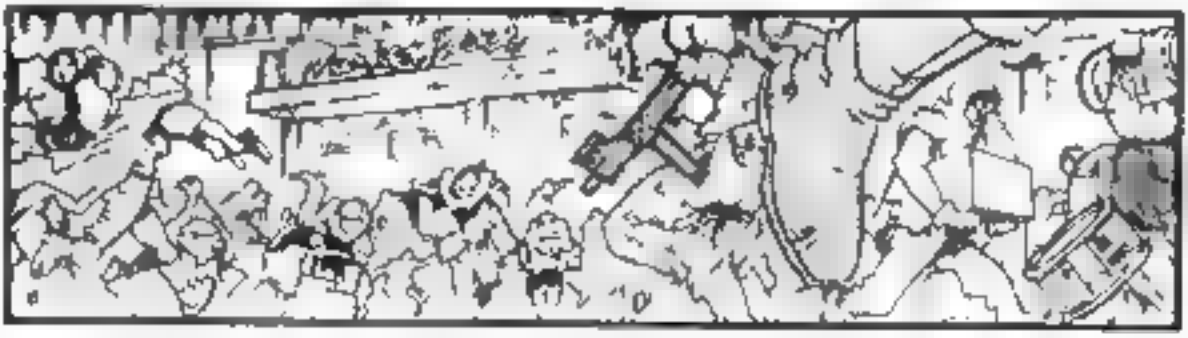


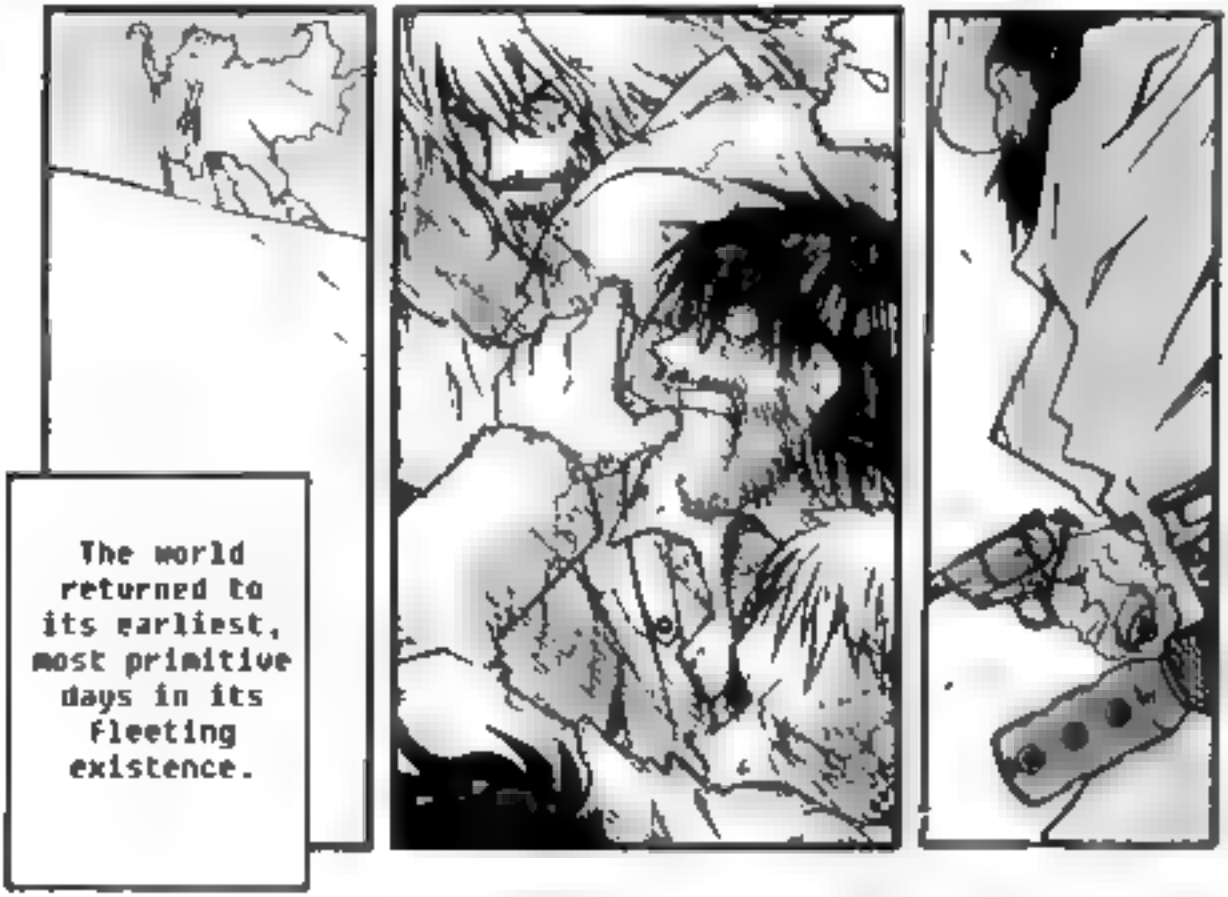


The small bits of information that circulated only worked to fuel the panic and fear inside the human race



Apprehension and fear opened the doors to anarchy.



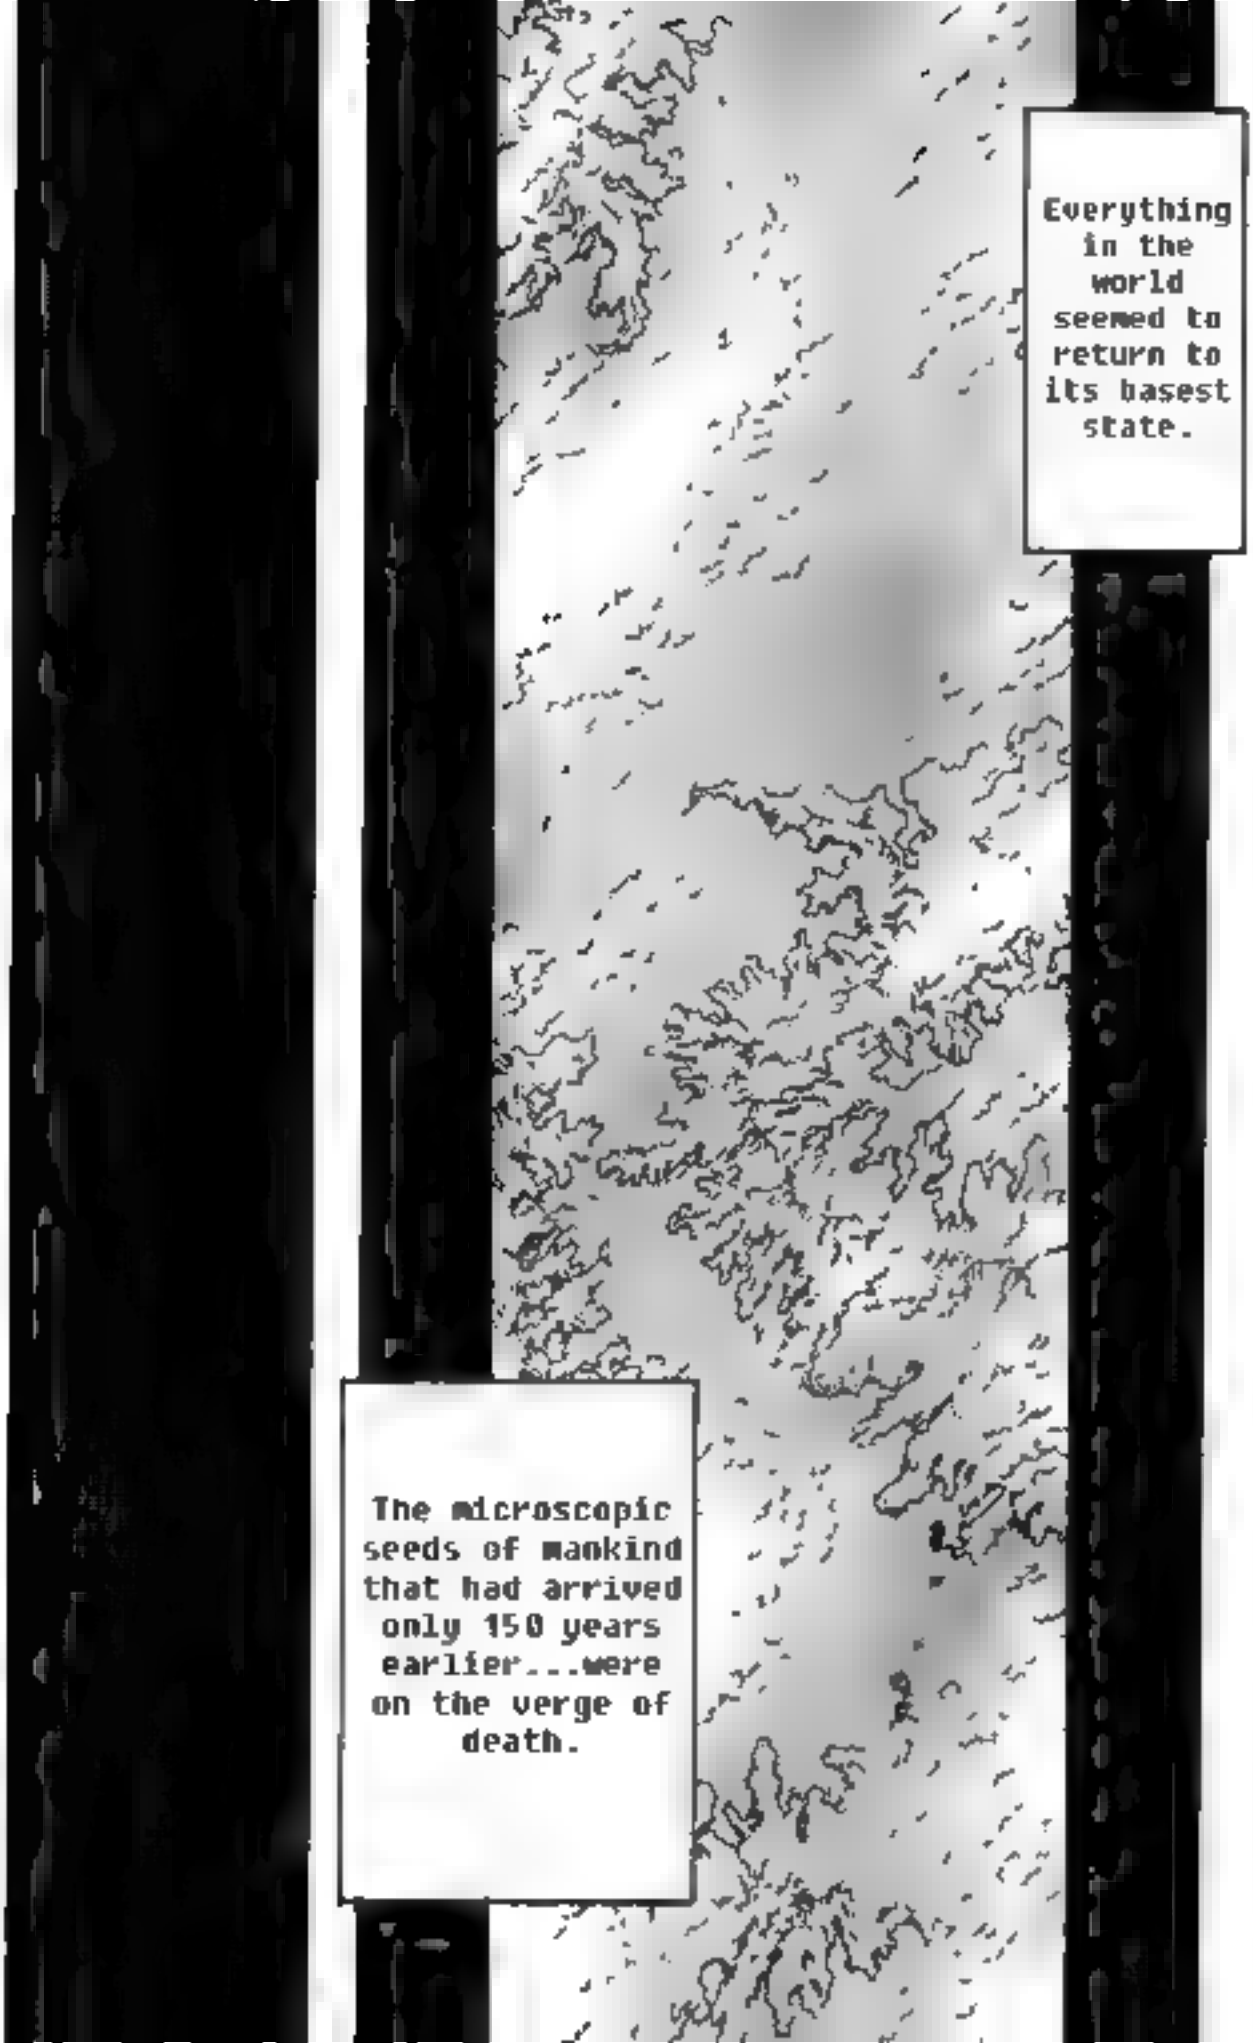


The world returned to its earliest, most primitive days in its fleeting existence.

The world com-pletely dried up.

On top of that, it was more silent than it had ever been.

It seemed... as if humans had never been any-thing more than brief visitors.



Everything in the world seemed to return to its basest state.
The microscopic seeds of mankind that had arrived only 150 years earlier...were on the verge of death.
